

St Augustine's Primary School Supervision of Students Information for Parents

Playground supervision Information:

Playground supervision begins at 8:30am and finishes at 3:30pm. No formal supervision of the playground occurs outside those hours. If children arrive before 8:30am they are required to sit in the corridor in the main building as outside supervision does not begin until 8:30am.

If a parent/carer is running late at the end of the day then children are required to come and sit in the foyer/office area until collected.

Bus arrangements/supervision:

Students from other schools will use the same bus/es and students will only be supervised while waiting and getting on the bus in the afternoon.
